Hi [REDACTED]

[REDACTED]

I have had lots of conversations with everyone this week regarding this. I would like to chat today regarding this so have sent you a TC request for Monday as **some areas require a conversation rather than email** (I will explain).

Headlines are:

[REDACTED] Ruth are aware of the situation.

[REDACTED] has had discussions on joint working with NHSE and CCG and responses will be separate but co-ordinated

We can only ask to have the post removed no legal right unless [REDACTED] take forward as an individual

Both SpAs are aware of the situation and [REDACTED] have had a conversation with [REDACTED]

Required Action

[REDACTED] wants me to listen to all the audio footage - [REDACTED]

Book the special measures review away from the practice possibly at the CCG

See if action plan has come – there is an expectation this may not- also I guess we need to prepare for the other option and a mountain of responses

Schedule a comprehensive inspection six months after publication date but maintain contact with CCG in case an urgent focused is required.

[REDACTED] speak soon
